

Concept Techniki SA is recognized as a reference place to work. It offers the balance of a rewarding career, community spirit and opportunities to work nationally and internationally. You'll find a supportive network ready to help you reach your goals to be who you want to be

At Concept Techniki SA we know that people are our most valuable asset - an asset that true market distinction is built upon. Our focus is the whole person, not just their technical expertise. That's why a career with Concept gives you a range of opportunities to work with top clients and business leaders in an environment which inspires, motivates and rewards people to succeed.

We welcome seeking for job inquires, especially by highly ranked graduates of almost any academic specialty (Engineering, Environmental, IT, Business and etc). Essential Requirements that are needed:

- Excellent knowledge & business handling of both English and Greek languages;
- Advanced knowledge of office software, web tools, CAD and engineering or other IT platforms on their specialty;
- Communication skills and strong self motivation;
- Accomplished military services for male candidates.

Further to a solid academic background, MBA studies, experience, fluency in further languages, driving license and third party references are highly acknowledged. Candidates are encouraged to send short or extended CVs in English to: info@e-concept.gr.
